Testimonial

05.12.2019

To whom it may concern:

The company AP Fachübersetzungen was commissioned with the translation of safety data sheets into Finnish and Danish. Private label agreements as well as reports on constituents were also commissioned to be translated into English. The projects were carried out in an impeccable manner.

The projects have always been processed quickly and the communication with the employees has been very satisfactory.

We will continue to work with AP Fachübersetzungen.

We would like to thank them for the trustful cooperation.

Yours sincerely,

i.A. J. Hamacher
